Instructions for Transferor

For sales or exchanges of certain real estate, the person responsible for closing a real estate transaction must report the real estate proceeds to the Internal Revenue Service and must furnish this statement to you. To determine if you have to report the sale or exchange of your main home on your tax return, see the Schedule D (Form 1040) instructions. If the real estate was not your main home, report the transaction on **Form 4797**, Sales of Business Property, **Form 6252**, Installment Sale Income, and/or **Schedule D (Form 1040)**, Capital Gains and Losses.

Federal mortgage subsidy. You may have to recapture (pay back) all or part of a Federal mortgage subsidy if **all** the following apply:

- You received a loan provided from the proceeds of a qualified mortgage bond or you received a mortgage credit certificate,
- Your original mortgage loan was provided after 1990, and
- You sold or disposed of your home at a gain during the first 9 years after you received the Federal mortgage subsidy.

This will increase your tax. See **Form 8828**, Recapture of Federal Mortgage Subsidy, and **Pub. 523**, Selling Your Home.

Box 1. Shows the date of closing.

Box 2. Shows the gross proceeds from a real estate transaction, generally the sales price. Gross proceeds include cash and notes payable to you, notes assumed by the transferee (buyer), and any notes paid off at settlement. Box 2 does not include the value of other property or services you received or are to receive. See **Box 4**.

Box 3. Shows the address or a legal description of the property transferred.

Box 4. If marked, shows that you received or will receive services or property (other than cash or notes) as part of the consideration for the property transferred. The value of any services or property (other than cash or notes) is not included in box 2.

Box 5. Shows certain real estate tax on a residence charged to the buyer at settlement. If you have already paid the real estate tax for the period that includes the sale date, subtract the amount in box 5 from the amount already paid to determine your deductible real estate tax. But if you have already deducted the real estate tax in a prior year, generally report this amount as income on the "Other income" line of Form 1040. For more information, see Pub. 523, Pub. 525, and Pub. 530.
